The B3 Dual Tree Commissions System

Unilevel and Matrix Trees

B3 Sciences gives you the best of two different compensations plan structures to ensure your success. When you sponsor new Consultants, they will be placed in both your Unilevel and your Matrix Tree.

Unilevel Tree

The Unilevel Tree gives you an unlimited number of front row positions for you to sponsor as many Consultants as you can.

Each time you sponsor a new Consultant they are placed on your first row of your Unilevel, then you are eligible to earn 8 Levels of Commissions in your Unilevel Tree.

All First Order Packages and Upgrade Packages generate commissions in the Unilevel Tree. Additional Consultant Orders and their Customers orders generate commissions in the Matrix Tree only.

* You cannot request special placement in the Unilevel Tree

Matrix Tree

Your second Tree is called the Matrix Tree. This Tree has only 3 positions on your front row initially.

Once your Front row of 3 positions is full with 3 Consultants, additional Consultants sponsored by you are placed on the 2nd row.

You are eligible to earn 8 Levels of Commissions in your Matrix Tree.

Every order placed by Consultants, including First Order Packages, and Customer orders generates commissions in the Matrix Tree. (Excluding Training, Sales & Marketing Aids)

We apply 'Dynamic Compression' in the Matrix Tree which means you are not penalized if a Consultant is 'Not Active' with personal sales volume.

The Matrix Tree SPILL Effect

The unique feature of the Matrix is the placing of New Consultants deeper than your first row, or what we call 'SPILL'.

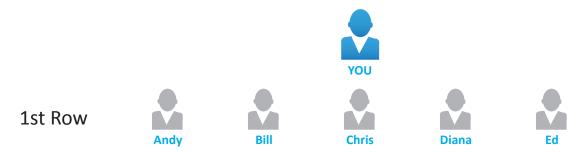

This SPILL occurs when a Consultant's first row is full, and they sponsor a new Consultant. The new Consultant is placed under the First Row and under a current Consultant.

SPILL also occurs when thew sponsoring Consultant requests special placement of new Consultant's under and existing Consultant.

*When a Consultant in the Matrix Tree receives 'SPILL' he/she is eligible to earn Matrix Commissions on this new Consultants Order and all the future Sales that develop under that Consultant up to 8 rows in the Matrix Tree! *

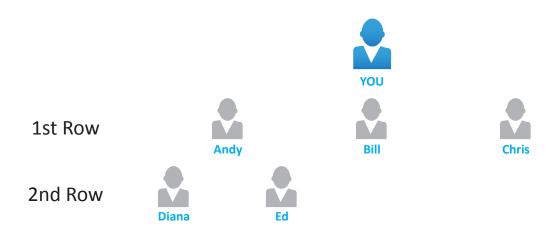

Unilevel Tree Example:

In the picture below you sponsor new Consultants Andy, Bill, Chris, Diana and Ed. They are all placed on your first row in your Unilevel Tree.

Matrix Tree Example:

In the picture below, you will see an example of how the 5 same Consultants are placed in your Matrix Tree. *Diane and Ed are 'SPILLED' under Andy and Bill in the Matrix. Andy and Bill are eligible to earn Matrix Commissions on Diana's and Ed's orders and all future orders that develop in their 8 Level Matrix Tree'

You can choose where to place new Consultants in the Matrix Tree

When you Sponsor new Consultants, you can allow even placement of Consultants in your Matrix Tree by the B3 computers, or you can request special placement.

This gives you the ability to position Consultants so they can work in Teams that can maximize Consultants supporting each other.

*To request special placement, you must submit a special request email to support@b3sciences.com within 2 business days after the Consultant is enrolled. After 2 Business Days, the new Consultant's position is final and cannot be changed *

Determining your Paid Rank with the Unilevel Tree

The Unilevel Tree is also used to calculate your monthly Paid Rank level. We calculate all the sales in your Unilevel Tree to infinity to determine your monthly Personal Group Sales Volume

* SPILL of new Consultants in your Matrix does not count towards your achieving a monthly Paid Rank*

First Order Team Bonuses

First Order Team Bonuses are paid on up to 8 Levels in the Unilevel Tree

This Bonus is generated on First Order Packages and Upgrade Packages purchased by Consultants. Consultants must achieve the Rank listed in the table to be eligible for First Order Team bonuses on up to 8 levels in the Unilevel Tree.

Unilevel Tree	Bonus	Rank to Qualify
1 st Level (Sponsor)	15%	1
2 nd Level	5%	2
3 rd Level	3%	3
4 th Level	3%	4
5 th Level	3%	5
6 th Level	2%	6
7 th Level	2%	7
8 th Level	2%	8

Example: A New Founder Package is Ordered (BV = 1200) If you are the Sponsor, you earn 15% x 1200 = \$180.00

If you are the 2nd level above, and at least Rank 2, you earn $5\% \times 1200 = 60.00 If you are the 5th level above, and at least Rank 5, you earn $3\% \times 1200 = 36.00

^{*} The Unilevel Tree does not offer Dynamic Compression if a Consultant within 8 levels has not met the required Rank

Matrix Tree Commissions

Consultants are eligible for up to 8 levels of Matrix Commissions. The initial structure of your Matrix is 3 positions on your front row and 8 levels deep. As you build your Matrix Tree, you can expand your front row of 3. Consultants in your Matrix can also expand their front row, this is why we call it a **3 x 8 Expansion Matrix**.

3 x 8 Expansion Matrix

Your 3 x 8 Expansion Matrix is based on the concept of helping 3 New Consultants join your Network.

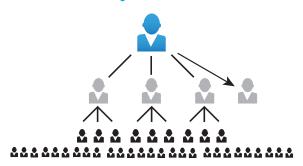

Each New Consultant that enters your Network, also has 3 Consultant positions on their first row.

This duplication of 3 continues in your Network down 8 levels, with close to 10,000 available positions.

Network Expansion

As you achieve Leader Ranks, your 3 x 8 Expansion Matrix can expand to 4 wide, then 5 wide, then up to 6 wide on your front row. The Consultants in your Network can also expand their front row, and thus your Network can continue to expand with an infinite number of available Consultant position to generate monthly commissions.

Matrix Expands to a 4 x 8

Your 3 x 8 Expansion Matrix is ready for expansion to 4 x 8 when you achieve Leader Rank B5.

At Leader Rank B7 you can open a 5th front row position.

At Leader Rank B9 you can open a 6th front row position.

Additional Front Row Positions can be requested as achieve higher ranks.

Based on your Rank, you earn up to 8 levels of commissions on orders in your Network each month. %'s are paid on BV of qualifying orders.

Orders paid via the Matrix include: First Orders, Upgrade Orders, Autoship, Extra Consultant Orders, and Customer Orders.

Dynamic Compression. If there are any non-active Consultants, they are compressed for commissions assuring you earn down a full 8 levels.

	Rank B1	Rank B2	Rank B3	Rank B4	Rank B5	Rank B6	Rank B7	Rank B8-12

Leaders Pools

Leader Bonus Pool

When B3 Consultants achieve new paid-as Leader Ranks, they are eligible to share in a 1.5% total company sales Leader Pool.

Founder Bonus Pool

When B3 Consultants enroll with a Founder Package purchase during the limited 'Founder' period, they are eligible to share in a 2% Founder Sales Pool. This in addition to the Leader Pool that Founders are also eligible for.

Leader Pool Rank Table

	Rank B3	Rank B4	Rank B5	Rank B6	Rank B7	Rank B8	Rank B9	Rank B10	Rank B11	Rank B12

	Rank Diamond	Rank Double Diamond	Rank Black Diamond
Leader Pool	700 pts	1000 pts	1500 pts
Founders Pool	700 pts	1000 pts	1500 pts

Eligible Consultants earn points monthly when Rank is achieved. Individual points are divided into total points to determine a Consult's share of the pools. Pool is funded by monthly sales of B3 products.

Leader and Founder Pools are awarded only when previous year's calendar month sales are exceeded. Example: If May of 2021 sales exceed May of 2020 sales, May 2021 Leader and Founder Pools are paid out.

* Active Rule: Consultants must remain at Paid Rank 1 (Active) or higher on a monthly basis to be eligible for ongoing access to the Pools. If a Consultant is 'Not-Active' he/she will be given a 1 month grace and still be eligible for the Pools. If a Consultant is 'Not-Active' for a 2nd month, he/she forfeits access to the Pools forever.

Anytime a Consultant achieves 2 or more new paid-as rank advancements in any given month, will earn 100% of the highest Rank Bonus, and 50% of the next highest Rank Bonus. Maximum payout is 2 Rank Bonuses in any given month.

Terms, Conditions and Definitions

The only requirement to earn minimum levels of commissions and bonuses is the purchase of a Consultant Success kit (\$39.99). A First Order Package is optional. A monthly autoship order to maintain 'Active' status is also optional.

- * PV (Personal Volume) PV or Personal Sales Volume includes total Personal orders and Customer web sales purchased during the month. Total PV is calculated on the total USD spent on all product purchases. Shipping, Tax, Marketing Materials and Fees do not count for PV. A Consultant is considered 'Active' when there is 50 or more in PV. Being 'Active' allows the Consultant to be eligible for maximum commissions and bonuses.
- ** Active This requirement is met by having personally sponsored Consultants who have purchased at least 50 PV during the month. If you have a personal monthly order of 50 or more PV, this counts as 1 Consultant. Up to half of this requirement can also be met by having personally sponsored Customers who have purchased at least 50 PV during the month. Thus, to be Rank 6, you can have 3 Active Customers, your personal order, and 2 Active Consultants. (See Rank Table). Consultants who are not active will be eligible for commissions and bonuses at the 'Kit Only' level listed in this document on page 2.

Optional Bands Set Sale for 3 Months of Active - Any Consultant that purchases a set of B3 Bands for purposes of Retail Selling, or has a Customer that has purchased a set of Bands from B3, will be qualified as 'Active' for 3 months starting with the month of the current order and 2 more consecutive months.

- Example: You have a Customer Order for a set of Bands in May. You are qualified as 'Active' for May, June and July.
- First Order Packages do not count towards the 3 Months or Active.
- Regardless of the # of Bands Sets orders in a month, or the # of Bands Sets in an Order, you are only qualified for 3 months when this occurs in a calendar month.

Bonus Volume (BV) - BV is the volume assigned to each product for the purpose of calculating Commissions. Training, Shipping Fees, Sales Tax, Sales Aids, Marketing Materials, and Success Kits do not carry BV.

Consultants at Entry Levels lower than Tier 1000 can Upgrade to a higher level by purchasing additional orders for Inventory or by accumulating Direct Web Customer Sales.

Unilevel or Personal Group - Each time you sponsor a new Consultant, this represents a new Line of enrollment. Then all the future Consultants that develop through that new Consultant are included in that line. This includes all Customers that are sponsored by a Consultant. The example in figure 1 represents you with 3 personally sponsored Consultants. Through additional sponsoring these 3 lines have developed into 15 total Consultants.

Personal Group Volume (PGV) – All the Personal Volume (PV) from all the orders in your Unilevel Tree or all your Lines of Enrollment to infinity. Example: There are 15 Consultants in your Unilevel and the total PV from all their orders is 1500 PV. Your PGV would be 1500.

Mary Steve Chad John Phil Paul Chris Jordan Jenny Bob Jim Larry Tony Allen Jill Figure 1

Leaders in Group – Each Consultant you sponsor starts a new Line of Enrollment. To achieve Rank 4 and higher, you need 2 separate Lines of Enrollment to have a Consultant that has achieved the required Rank that is listed in the Rank Table. These Consultants that achieve this Rank do not need to be personally sponsored. They can be any where in a Line of Enrollment.

Example: 2 be Rank 6, you need two lines that have a Rank 4 or higher.

You Sponsor Mary who is a Rank 6

You sponsor Joe, who sponsors Pete, who sponsors Bill. Bill is a Rank 4.

This example represents at least 2 lines that have a Rank 4 or higher, meeting the qualifier for Rank 6. If Bill moves up to a Rank 6, then you would have 2 lines that have a Rank 6 or higher, meeting the qualifier for Rank 8.

The Price Volume Guide is located in the Consultant Office and will display PV and BV values for all products. All Bonuses and Commissions are only generated on the sales of consumable products. Training, Shipping, Tax, Marketing Materials, and Fees do not have PV or BV.

Monthly Commission Period - Runs from the first to the last day of the calendar month.

The Paid Rank you earn each month determines your Rank and the Commissions and Bonus levels you are eligible to receive for that month. Paid Rank does not carry forward; thus a Consultant must qualify for Paid Rank each month. Once a Consultant earns a Paid Rank, that Rank becomes their Title, and is maintained for 12 months for recognition purposes.

Eligibility for Sales Pools - Active Rule: Consultants must remain at Paid Rank 1 (Active) or higher on a monthly basis to be eligible for ongoing access to the Pools. If a Consultant is 'Not-Active' he/she will be given a 1 month grace and still be eligible for the Pools. If a Consultant is 'Not-Active' for a 2nd month, he/she forfeits access to the Pools forever.

Commissions are paid monthly. On the 10th of the following month, commissions for the previous month will be generated. Each Consultant that earns income will receive an email along with a statement with details of their earnings. Our payment company is PayQuicker. After commissions are generated, if you have \$50 or more in total commissions, your full amount will be paid to you through the PayQuicker program. If a Consultant has less then \$50 in their B3 Commissions Account, and they request to cancel their account, all their remaining commissions will be paid to them (Minus a Service Fee).
